Internal dimension (cm): **799** x 179

External dimensions (cm): 919x238 cm

Maximum loading length: **799**cm

Capacity: 2898 kg

DMC Min: **3000** kg

DMC Max: 3500 kg

Product description:

A loadable full alu three-axle boat trailer. The BOAT series are trailers for transporting boats and yachts. The B35 trailer can carry a boat with a length of 8m. The gross vehicle weight is 3500 kg. The clever design allows quick disassembly of the rear beam. In addition, the fastenings on the cybants allow an easy adjustment of the trailer to the boat transported. This makes placing even a large boat on the trailer very comfortable.
