DMC Max: **750 kg**

## **Product description:**

The PRATIK series trailer is ideal for those who looking for a robust and functional trailer. It is characterised by a rigid, strong and durable construction, which is ensured by cold-formed U-section frame stringers and two transverse beams. The dimensions of this trailer including frame and tarpaulin is 202x114x115 cm, which makes it suitable for a wide range of loads. It is an ideal option not only for private use - small in size but large in capacity.

In addition, some models in this range have a tilting box, which makes it easier to unload the goods.

Lightweight trailer, without inspections, for category B
