Capacity: **2813 kg**

DMC Min: **2500 kg**

DMC Max: **3500 kg**

Product description:

A three-axle B35 ALUMINIUM trailer from Temared (Swidnik, Tema) designed for transporting boats and yachts. The trailer makes it possible to transport a boat of 9m in length and is particularly loaded thanks to its aluminum construction. The GVW of the trailer is 3500 kg. Thoughtful design allows quick disassembly of the rear beam. In addition, the attachments on the cybants allow easy adjustment of the trailer to the boat being transported. This makes placing even a large boat on the trailer very comfortable.

Standard equipment

- 3 AL-KO or KNOTT axles - watertight bearings in the hubs
- 165 R13C wheels
- T-type drawbar
- AL-KO or KNOTT overrun brake
- Underframe made of aluminum
- Belt winch
- Automatic support wheel
- Bow bar
- Skids
